

# MILEAGE QUEST

Mileage tracking made simple.

## CAPABILITY STATEMENT

### NAICS & SIC CODES

NAICS 511210 Software Publishers

SIC 7372 Prepackaged Software

### COMPANY OVERVIEW

Mileage Quest is an innovative and user-friendly app for streamlined mileage tracking, maximizing tax savings and simplifying expense management for individuals and businesses.

### DIFFERENTIATORS

**Advanced Technology:** Uses GPS and calendar syncing for precise mileage tracking.

**Intuitive Interface:** Designed for ease of use with customizable features to suit various needs.

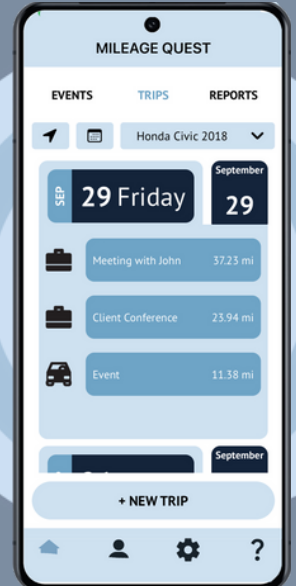

**Subscriber Success:** Provides setup assistance, troubleshooting, and guidance to maximize app benefits.

**Scalable Solution:** Tailored for individuals, small businesses, and large organizations with adaptable features.

### PAST PERFORMANCE

Enabled SCALE Leadership Academy to streamline mileage tracking with a 40% reduction in review and approval time for reimbursements.

Assisted Healthcare Innovations Network, Inc. by integrating our app with their financial systems, enhancing expense reporting accuracy and overall efficiency.

### CORE COMPETENCIES

- ✓ **Automated Mileage Tracking**  
Effortlessly integrates with smartphone calendars and GPS to automatically log mileage with precision.
- ✓ **Detailed Reporting**  
IRS-compliant reports designed for accurate backup documentation to maximize reimbursements and tax deductions.
- ✓ **User-Friendly Interface**  
Intuitive features that make tracking mileage simple and efficient for users of any experience level.
- ✓ **Custom Alerts and Reminders**  
Automated alerts to help users improve mileage tracking and vehicle usage.
- ✓ **Secure Data Storage**  
Advanced data security measures safeguard user information, ensuring complete privacy and protection at all times.

### KEY CUSTOMERS
